Strategic Healthcare Systems, Inc.

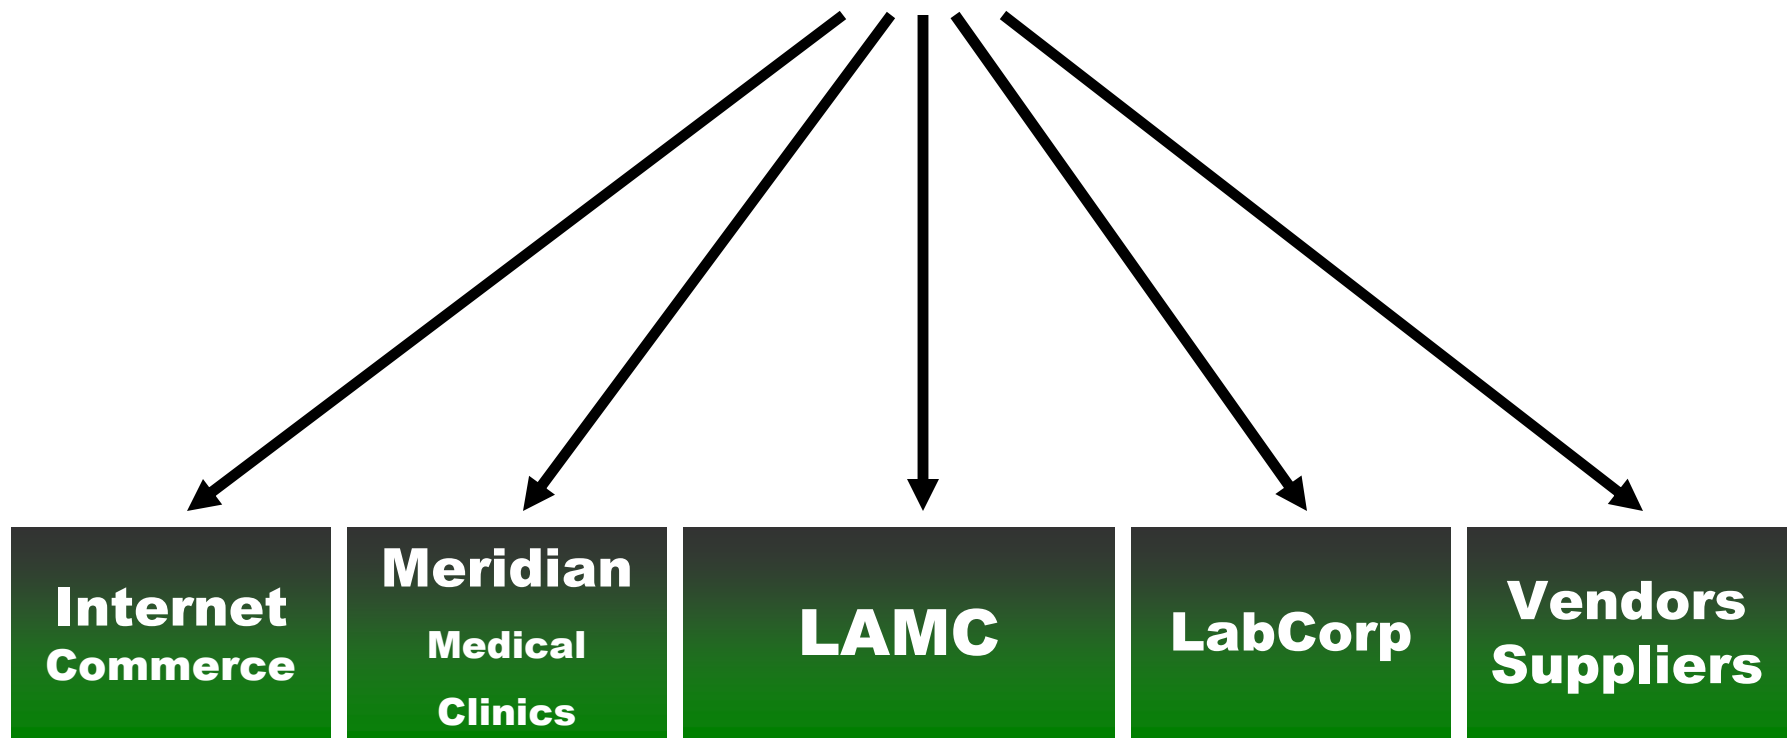

***A Virtual
Vertically-Integrated
Healthcare System***

Strategic Healthcare Systems, Inc....

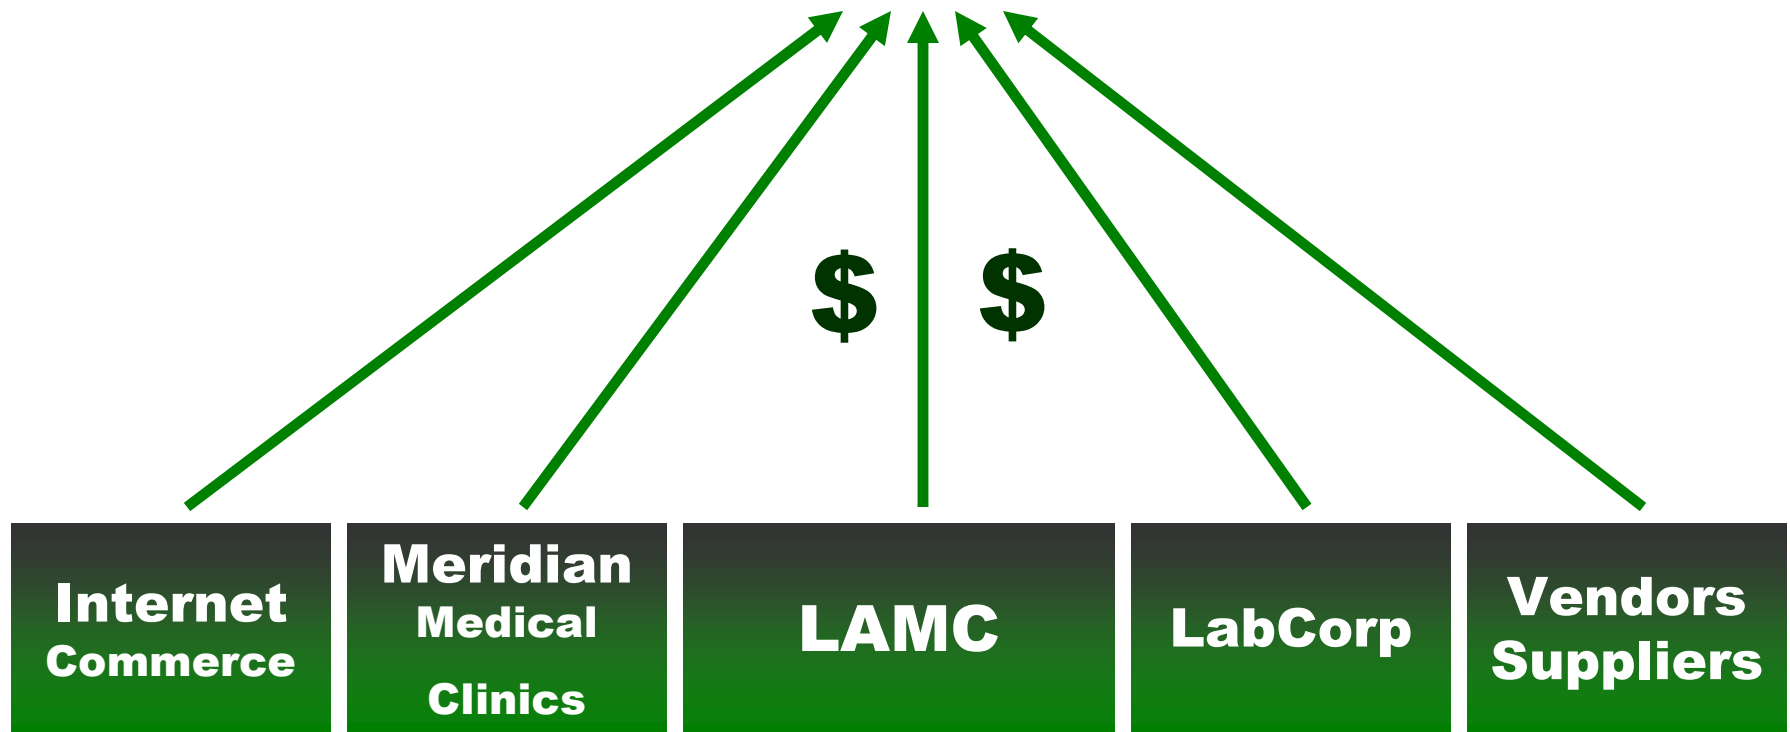

...the first healthcare company in America that coordinates the interaction of its affiliated core medical companies in direct support of physicians in diagnosing and treating their patients in manner that is timely, cost-effective and culturally sensitive.

***Strategic* Healthcare Systems, Inc.** was created to specifically address current issues in healthcare:

- Access to quality care
- Cultural relevance and language
- Healthcare disparities
- High medical costs
- Unaffordable health insurance
- Rising number of uninsured Americans
